Audio Taping of Class Lecture Agreement

The ADA Office has recommended that I, ________________________________, be permitted to audio tape certain class lectures as a form of academic accommodation. As a condition of using the accommodation of audio taping class lectures, I hereby agree to the following:

- I will use audiotapes of class lectures solely for my personal use in study and preparation related to the class.
- I will not share these audiotapes with any other person, whether or not that person is in my class.
- I acknowledge that the audiotapes are sources, the use of which in any academic work is governed by rules of academic conduct for my School or College.
- I agree to destroy any audiotapes that I was permitted to make when they are no longer needed for my academic work.

I understand that failure to abide by these provisions may result in loss of permission to audiotape class lectures.
