To ensure success in the coming semester, please make sure that you have adequately addressed the following items before the first night of class:

- Check your Jefferson State email DAILY
- Periodically check the evening program library webpage for updates
- Register with Kaplan and pay the balance of your bill
- Register with Lippincott/Wolters-Kluwer and pay for your digital resources
- Ensure you have ordered your uniform from Meridys
- Purchase appropriate uniform accessories
  - Black shoes (all leather, covers heel, see example below)
  - Black socks/stockings
  - Watch with second hand
  - Solid colored shirt to wear under uniform
- Purchase a stethoscope
  - Your skills pack will include BP cuff and penlight, so you do not need to purchase these items separately
- Ensure you have a digital device that can be used to access electronic resources
- Complete all unfinished medical requirements
- Have your ID made, get your parking pass, and purchase malpractice insurance
- Utilize the Signup Genius link that was sent to provide a current cell phone number
- View the posted YouTube calculations video
  - We will be utilizing the dimensional analysis approach in class to solve calculations questions. If math is a weakness for you, it will be essential for you to review basic math skills prior to the semester beginning.
- Read the first 2 posted chapters from the book “Concept Mapping: A Critical-Thinking Approach to Care Planning”
  - It is highly recommended you print these chapters and bring them to class/clinical throughout the semester.
- Review any self-identified areas of weakness
  - Anatomy & physiology, medical terminology, calculations
- A reading assignment will be posted for the first week of class as we get closer to the start of the semester
- If you require ADA accommodations, please reach out to the ADA office for assistance and guidance regarding the process
- Your will be notified when the skills packs are available in the bookstore
- Plan to attend MANDATORY resource training on August 19 from 5:30-7:30pm
